PARTISAN GREINER REMOVED

And an Offensive Partisan of the Lamb-Voorhees Strife Given His Place.

Allen Harry Danham, Chairman of the Vigo County Democratic Committee, Appointed Postmaster at Terre Haute.

Mr. Bissell's Advice to File Charges Against Republicans Bearing Fruit.

Indianapolis Democrats Urging the Removal of Mr. Thompson—Another Effort to Show Cleveland Has Made Few Changes.

GREINER BEREAVED.

The Terre Haute Postmaster Removed and Allen H. Danham Appointed.

Special to the Indianapolis Journal.

WASHINGTON, May 5.—Senator Voorhees to-day gave evidence of the influence of his position as chairman of the finance committee in the appointment of Allen Harry Danham to be postmaster at Terre Haute, vice D. C. Greiner, removed.

Mr. Voorhees' former partner, John Lamb, came on here some time ago and attempted to persuade Postmaster-general Bissell to remove Mr. Greiner summarily and appoint in his place Harry Danham, the chairman of the Vigo County Democratic committee.

Mr. Bissell flatly refused to take any action, but told Mr. Lamb he would remove Greiner if formal charges of any serious nature were preferred.

Mr. Lamb accordingly returned and soon had "the boys" fix the formal charges which Mr. Bissell wanted.

Mr. Greiner declined to resign under fire of his enemies, and courted an investigation.

Mr. Voorhees followed up the charges, and, before Mr. Bissell and Mr. Greiner could get the charges filed, the latter was removed.

This sufficed, and to-day Mr. Danham ordered Mr. Greiner's removal and Harry Danham's appointment.

There are no new developments in the charges against the postmaster at Indianapolis, but the precedent furnished in the Terre Haute case, together with Mr. Bissell's assurance that he would remove Mr. Greiner if formal charges were preferred, would be considered sufficient cause for removal, make it appear probable that Mr. Albert Bissell will be appointed.

As editor Morris is earnestly urging Bissell's early appointment.

Mr. Taylor is bending every effort to secure the removal of Stokes Bennett, the postmaster at Evansville.

Formal charges have been filed. The chief instigator of the opposition to Mr. Bennett is the editor of the Evansville Journal, a Republican.

The removal of Mr. Greiner on the flimsy charge of offensive partisanship is expected to spur on every Congressman who desires to create a vacancy in the presidential postoffice.

COMPARING THE RECORDS.

Bissell Spending Time and Money to Appease the Administration Critics.

WASHINGTON, May 4.—A statement has been prepared from the records of the Postoffice Department showing the number of presidential postmasters appointed during the first two months of the present administration, and also the number appointed during the corresponding period in Mr. Harrison's administration.

The statement shows that during the last two months 135 presidential postmasters have been appointed, as against 264 appointed during the corresponding period in Mr. Harrison's administration.

Vacancies to be filled by presidential postmasters appointed during the first two months of the present administration, and also the number appointed during the corresponding period in Mr. Harrison's administration.

The statement shows that during the last two months 135 presidential postmasters have been appointed, as against 264 appointed during the corresponding period in Mr. Harrison's administration.

FINISHING THE "WHITE CITY"

Work on the World's Fair Buildings Making Remarkable Progress.

Agricultural and Horticultural Halls Nearly Completed and Most of the Exhibits on Hand and Placed in Position.

Steps Taken by the Council of Administration to Stop Extortion.

Restaurant Keepers to Be Compelled to Submit Schedules of Prices for Approval—The Fair Not Likely to Be Open Sunday.

HURRYING THE WORK.

Rapid Progress Made in Completing the World's Fair Buildings.

CHICAGO, May 5.—The paid admissions to the world's fair to-day numbered 14,200. The chilly lake breeze did not deter the members of the Spanish dual party from accepting an invitation to visit the exposition grounds in an unceremonious manner.

They went out in one of the magnificent tally-ho coaches, and the party had a merry time before the way was blocked by the Duke's presence on the grounds, and even when the tally-ho drew up in front of the Women's Building to inspect the incomplete Spanish exhibit there was no one to receive the party, because the women had received no intimation of the visit.

Only a short time was spent in the park viewing the exhibits from Spain, and then a hurried visit was made to the Rabida convent, where the Colombian relics and kindred relics are displayed.

The party was in charge of Commander Dickson, U. S. N.

Visitors to the fair marvel at the rapidity with which the work of completing the great enterprise is being carried forward.

Tasks that one would imagine it would require months to perform are finished in a few days.

Difficulties that under ordinary circumstances would bring dismay to the stoutest heart are met and overcome in a day.

In fact the visitors appear to take quite as much interest in watching the thousands of toilers bring order out of chaos as they do in inspecting the progress.

They work alike in wind, and storm, and cold, dismal rain, night and day, with an energy and vigor that seems supernatural.

If the 300,000 visitors who witnessed the opening exercises last Monday were to return to-day they would find the work of the fair well advanced.

They would scarcely recognize the interiors, so great has been the progress. And while this is true, there yet remains much to be done before the fair will be finished in a far shorter time than the thousands who visited the "White City" on its opening day imagined.

THE FLORAL DISPLAY.

The Agricultural Building and that devoted to the display of horticulture are so nearly finished that one can scarcely see what remains to be done.

All the exhibits are on hand, and very few remain to be placed in their final positions.

To go into the Horticultural Building is like being dropped into a tropical paradise.

There are acres of roses and countless varieties of them.

Their fragrance fills the air, which is mild and balmy, and makes one feel like seeking a hammock for a comfortable rest.

But roses are not all that is to be seen. In the center of the building are the works of art of the tropical world.

There are seemingly miles of flower beds planted with orchids and pansies and begonias and flowers rare and common.

There are also the works of art of the tropical world.
